

3. What were Canada's two most important exports in the early 20th century? How much of each product did Canada supply to the world market? As demand for these products dropped, what happened in Canada?

4. Describe the impact the Depression had on Canadian life.

5. What exacerbated the effect of the Depression in the Prairie provinces? If you don't know what exacerbated means, grab a dictionary!

6. Review the statistics on pages 80-81, then answer questions 1 (a), (b), 3, and 4 on page 81.

14. The heading on page 90, “Distractions from Despair,” tells the reader what ordinary people did for entertainment during the Depression. What were some of these distractions? Are they similar or different than today’s distractions?

15. Who were *Il Duce*, *der Fuhrer*, and the “Man of Steel?”

16. List three things which indicate the Nazis were racist in their outlook.

17. The League of Nations failed to halt aggressive moves by Japan, Italy, and Germany. Briefly describe how each country defied the League’s intentions to maintain world peace.

18. What happened in Spain in 1936? Who or what were the Mac-Paps?

19. Using a source other than your textbook, write a brief description of Norman Bethune.

20. Throughout the late 1930's the western democracies attempted to appease Hitler. What is appeasement? How did they try to appease Hitler? What was the "last straw" which led to war?

21. Many Canadians and their Prime Minister were isolationists throughout the 1930's. Why did people adopt this outlook and how was it shown in decisions the government made?
