June 2018 Exam Schedule

Regular scheduled classes finish on June 15 with a modified (shortened) schedule. On June 18-21 we have scheduled classes, but each block is lengthened to allow for culminating events, projects or final exams. While each block is 2.5 hours in length, it is the teacher’s discretion whether the student may leave after 1.5 hours. We ask that students leaving before the scheduled break times leave the campus to allow for continued “quiet time” during that week. The schedule is also posted on the school website under “Quick Links”- [Exam Schedule 2018](#)

Integrated Youth Service Centre

The Foundry is setting up an integrated youth service centre in the city, for youth aged 12-24. The Foundry are keen to ensure that the new centre meets the needs of parents/guardian and families as well as young people.

The idea is to gain a better understanding of the barriers and what’s working well for young people and their families in accessing health services and supports. The plan is to collect this information before each Foundry site is fully operational, to get a sense of the types of services youth and their families have been accessing and to identify any gaps. A follow-up survey will be available a year after each Foundry site opens.

The Foundry is looking to gather the perspectives of parents in Victoria and to ensure their voices are heard in the centre’s development. Interested parents/guardians can complete the caregiver survey by clicking the link.
