### KIDS FOR A CAUSE

#### Sock Drive

We have an exciting new club that has just started up at Oak Bay High called "Kids for a Cause" and our first mission is to collect 1400 pairs of socks! These socks will be donated to help those in need stay warm all winter long. Our goal is one **new** pair of socks from each student and staff member but if you would like to donate more than one by all means please do! Please send the **new** socks with your student, there will be lots of boxes around the school for the socks to be dropped off in. We will be collecting the socks from now until December 3rd. Thank you for your contribution!

#### Battery Drive

Oak Bay High is having a USED battery drive from November 19th to December 2nd. Please make a difference and bring in your used batteries! The battery drive helps us reduce the amount of electronic waste going to landfills and to help save the lives of many children. Every AA battery contains the same amount of zinc that is needed to save the lives of six children. Zinc deficiency is a global health challenge – more than 450,000 children die every year from complications associated with zinc deficiency.

### HAVE YOUR SAY: Catchment Boundary Review

Catchment boundaries are the geographical areas that determine which students are eligible to attend a specific school. The Greater Victoria School District is seeking public input on important considerations when re-evaluating catchment boundaries.

As part of the Catchment Boundary Review, The Greater Victoria School District is asking parents to participate in an online survey to provide valuable feedback to the Board of Education. The online survey is available at [www.sd61.bc.ca](http://www.sd61.bc.ca) until Friday, November 30, 2018.
