

Class of 2000, yes 20 years has gone by.

Yes, your math is correct, that's more years than your age in the year 2000.

Tentative reunion date: **Saturday June 27** (final date should be confirmed by end of January)

Plan: Meet at the new Oak Bay Secondary School Theatre (map will be posted later) between 2-230pm. Beverages will be available at a cash bar, though there is unlikely to be a Slurpee machine (if you don't get that joke you may not be a true Oak Bay alumni).

At some point we will have an optional tour of the new school campus.

Around 4-5pm people will have the option of moving across the campus to the Oak Bay Rec Centre restaurant for food, further beverages (still no Slurpees), and the option of chatting with people you used to know/still know/are pretty sure you never really knew (but should have).

Spread the word, but also the word that final date/time should be confirmed by end of January and will be posted to the Oak Bay Secondary website.
