Immunization consent packages for grade 9 students will be sent home in the fall. Follow the instructions inside the consent package and return the signed consent form to the school. Students in grade 9 will be offered immunizations in school-based clinics. Please discuss the information in the consent package with your child and include them in the decision to provide consent for immunization. This is an opportunity for adolescents to start making decisions about their own health.

Immunizations will be provided at the school for grade 9 students on December 2, 2020 and December 7, 2020.

A grade 9 student can make an informed decision about immunization regardless of their parent/guardian/representative decision to consent or refuse immunization.

For more information visit HealthLinkBC: [The Infants Act, Mature Minor Consent and Immunization](#)

Public Health is following all provincial recommendations for physical distancing and enhanced cleaning. All school-based clinics will follow these safety measures to help reduce the spread of COVID-19. Contact the local Health Unit at 250-388-2200 if you have any questions.

If this is something that you would ever include in any of the emails you send parents we would much appreciate if you could distribute it to your school community. The Budget Questionnaire

is available online here: <https://connect.oakbay.ca/budget-questionnaire> and paper copies are available at Oak Bay Recreation Centre, Henderson Recreation Centre and Monterey Recreation Centre. The questionnaire is open until November 30, 2020.
