From the Office...

Locker clean-out will take place on Friday, June 16th during advisory. All students will be expected to remove all items from their lockers including any stickers. Any items left behind will be donated.

From the Career Center...

Hello grade 11 students and parents,

For the past several years Oak Bay has held a Practice SAT Exam in mid-October for any students who thought they might head to the US for university or college. In recent years we have found that less Oak Bay students choose to take the exam and less universities and colleges are requiring the SAT for entrance purposes. As a result Oak Bay will no longer host the exam this coming fall.

The College Board has changed their format to a digital platform allowing for equitable access. The opportunity to write the exam is available for students through Khan Academy. Students who wish to write the PSAT/NMSQT can use the Khan Academy website and complete practice tests online at their convenience and without a fee.

I've attached a couple of links here for interested students.
