Report Cards sent home

Monday, Nov 27, 2023

PAC meeting - 7:00 pm in the cafeteria (see info below)

Wednesday, November 28th to

Oak Bay is hosting Senior Boys AAA Provincial Championships

Saturday, Dec 3rd

**Learning Updates (Report Cards)**

This reporting period, Learning Updates will be available two ways – a hard copy will go home with your child today and report cards will be uploaded into CSL, a digital service developed by the Greater Victoria School District, to facilitate both reporting on the Core Competencies and uploading/storing of report cards.

**Accessing Parent Connect:**

Parents and guardians can view their child's report card through the Parent Connect. You can find this account sign in here: <https://parentconnect.sd61.bc.ca/Identity/Account/Login?ReturnUrl=%2F>

Follow the prompts to either log in or create an account. Once you have access, click on the left icon "Assessment History". This will bring you to the assessment page, where you will be able to see at least two or three icons.

One icon is the report on Core Competencies, which will be uploaded in early December. The other icon is your child's report card. There may be a third icon, which is Grad Status.

Another route to access report cards is to have your child log-in to their Student Connect and click on the left icon, "Assessment History". There you will be able to see all three icons, including their report card.

### **From PAC...**

#### **PAC meeting this coming Monday, November 27th at 7pm.**

Join us to learn about what is going on at OBH, as well as for a presentation by guest speakers from The Foundry. Please see below for more information.

Come a few minutes early for tea and treats. At 7pm we will start our meeting.

Naloxone training for parents

- Monday, November 27th, 7:00 pm Cafeteria

Please join us on Monday, November 27th for a hands-on Naloxone training session provided by Victoria's Youth Clinic, The Foundry. Nursing staff and a peer support worker will be presenting.

Naloxone is a medication which reverses the effects of opioids, including Fentanyl. It is given in instances of opioid overdose to reverse the negative effects, including the decreased drive to breathe.

The opioid crisis affects many in our school community and this is an opportunity to learn how to administer this life saving medication.

Are you interested in Community, Family and Child Studies? Please look at the [attached](#) Camosun College information sheet for great opportunities to take courses in Health 111 – Indigenous Peoples Health or ELC 170 – Working with Family & Community.

Health 111 is online and delivered in a synchronous format. This means all the students login at the same time for its delivery.

-Health 111 is UT transferable

-Part of multiple programs at Camosun College

ELC 170 is running in person at Camosun Interurban on Friday afternoons

Please see contact Ms. Giesbrecht if you have any questions.
