Gang Education and Trends

With school ending for the summer break, many folks in the community have come forward to ask for another information session surrounding gang trends. We are pleased to announce that Saanich Youth Services in partnership with The Saanich Police Department will host two educational sessions outlining the current gang trends in the area, recruiting practices and how to watch for indicators in your children and teens. These safety seminars will help you to be informed about the issues and trends in our community. Feel free to come alone or bring your child with you. Each session will offer the same information, but we have provided two dates to accommodate more people. Space is limited so register now to secure your spot. This program is suitable for ages 11+.

To help reach all corners of our community, I am asking that you might consider sharing this email and the attached poster with clients, friends, to your school community, faculty or families that may benefit from attending these seminars.

Bowker Creek Info

Bowker Creek Blueprint 2.0 - A 100-Year Action Plan to Restore the Bowker Creek Watershed

The Bowker Creek Blueprint is a detailed 100-year action plan to revitalize the Bowker Creek watershed. This includes improvements to the creek, habitat and community like freeing Bowker Creek from underground pipes and inviting fish back into the creek.

It is now time to update the Blueprint and revise actions based on accomplishments, new information and current pressures facing the watershed. The updated Blueprint will continue to guide the municipalities, the community, and other land stewards to manage and restore the watershed and creek corridor into the future.

We invite you to get involved:

- attend our Open House (June 10th) or Virtual Information Session (June 12th)
- complete the survey to help us prioritize actions within the Bowker Creek Initiative. May 27 – Jun 27
- Two watershed walking tours are also available with the Friends of Bowker Creek for you to discover your watershed!
