Sno'uyutth - "Spreading Good Energy"

Over the past couple weeks, and beyond, students have had, and will have, the opportunity to learn more about Sno'uyutth and our Sno'uyutth Welcome Pole. 10 years ago (Nov. 22), the pole was carved, unveiled, blessed, and gifted to our school. Sno'uyutth is the Lekwungen word for "Spreading Good Energy". It is a way of being that has depth and embodies wisdom, mindfulness, empathy, stewardship, appreciation, and recognition, etc. The teachings of Sno'uyutth are embedded in our school goals. Please check out the following links as a starting place:
